Summer Workshop Week 1 Talk Schedule

Events for:
Tuesday, July 5th - Friday, July 8th

Tuesday, July 5th

10:00am **Dan Freed**

Title: Bordism, Unitarity and Topological Phases of Matter

11:00am **Break - SCGP Cafe**

11:30am **Dan Freed - SCGP 102**

Title: Bordism, Unitarity and Topological Phases of Matter

Wednesday, July 6th

10:00am **Nathan Seiberg - Smith Point Beach**

Title: A Duality Web in 2+1 Dimensions and Condensed Matter Physics

11:00am **Break - SCGP Cafe**

11:30am **Nathan Seiberg - SCGP 102**

Title: A Duality Web in 2+1 DImensions and Condensed Matter Physics

Thursday, July 7th

10:00am **Cenke Xu - SCGP 102**

Title: Fermionic and Bosonic Symmetry Protected Topological States in Condensed Matter Systems and Beyond

11:00am **Break - SCGP Cafe**

11:30am **Cenke Xu - SCGP 102**

Title: Fermionic and Bosonic Symmetry Protected Topological States in Condensed Matter Systems and Beyond

6:00pm **Martin Rocek Banquet**

Friday, July 8th

10:00am **Jonathan Heckman - SCGP 102**

Title: Defects of 6d CFT's

11:00am **Break - SCGP Cafe**

11:30am **Jonathan Heckman - SCGP 102**

Title: Defects of 6d CFT's
