SCGP Weekly Talk: Dennis Gaitsgory
Tuesday, October 8 · 1:00 – 2:00pm

Location: 102

Title: "On the proof of the geometric Langlands conjecture"

Abstract: In the talk I will explain the various versions of the geometric Langlands conjecture, and indicate the ideas that went into the recently obtained proof. This is a joint project with D.Arinkin, D.Beraldo, J. Campbell, L. Chen, K. Lin, J.Faergeman, S.Raskin and N. Rozenblyum.
